

## **Practical Nursing Program**

### **Program Overview , Program Description Addendum**

#### **Program Overview**

Standard College trains and educates students for careers in the healthcare field as Licensed Practical Nurses in the practical nursing Program. Upon successful completion of the requirements of this program, graduates are eligible to seek licensure as Licensed Practical Nurse (LPN).

#### **Program Description**

Standard College's Practical Nursing Program utilizes an evidence-based approach in the acquisition of the knowledge, skills, and values necessary for employment as a licensed practical nurse in the healthcare environment. Students apply the theoretical knowledge and skills they learn in the classroom with hands on practical experience performing basic and specialized nursing care to a diverse range of patients in a variety of clinical settings. Graduates of the Practical Nursing Program are eligible to seek licensure as Licensed Practical Nurse (LPN).
