

Standard Healthcare Services College of Nursing

Addendum to Practical Nursing Program Entrance Exam

To be considered for admission to the Practical Nursing Program, applicants must take and pass an Entrance Exam. The exam consists of two sections: a math section and a reading section. Each applicant has one opportunity per admission cycle to pass the exam.

To pass, applicants must achieve a score of 75% or higher on both sections. If an applicant does not pass both sections, they will no longer be considered for admission to the program for which they applied. However, they may reapply to a Practical Nursing Program with a future start date, if they wish.

This Addendum takes effect on February 24, 2025.
